Genome Institute
香港基因組中心

Date: 16 March 2026 (Monday)

Time: 4:30 – 5:30pm

Venue: Hong Kong Science Park

Registration

Details:

The Hong Kong Genome Institute (HKGI), established and wholly owned by the Hong Kong SAR Government, commenced full operations in 2021. With the vision “to avail genomic medicine to all for better health and well-being” and supported by the Health Bureau, HKGI works in close collaboration with the Department of Health, Hospital Authority, medical schools of local universities and other stakeholders to accelerate the development of genomic medicine in Hong Kong along four strategic foci: integrate genomics into medicine, advance research, nurture talents and enhance public genomic literacy.

Go see for yourself how they are contributing towards a brighter future with genomic medicine!
